LINEUP

«IT for Health» is the thematic publication of «Netzwoche» that reports on current developments in the digital healthcare sector in Switzerland. «IT for Health» sheds light on topics related to digitalisation and ICT procurement in the Swiss healthcare system, especially for service providers such as doctors' practices, hospitals, retirement and nursing homes, and health insurance companies. «IT for Health» is published in two issues per year.

«IT for Health» builds a bridge between clients and contractors. With author contributions from both sides, the publication shows current trends, presents solutions, lets prominent representatives have their say and reports on successfully completed ICT projects in the healthcare sector.
